Course reviews

Beacon Park golf course is a hard and challenging course i particularly like the 12th hole 160 yard par 3 i had a birdie on that particular hole last time i visited the course im am not particularly pleased with the cost especially for junior golfers 7 pound is far too much for a junior 5 pound is more of a reasonable price and i hope you consider this option thank you.

Anthony September 20, 2004

This is a superb example of Donald Steel's brilliance in course design and planning. Nestled in the Lancashire Countryside, Beacon Park is a fantastic course excellently maintained by BIGGA Member - Billy Merritt who heads up the Geenkeeping team. Excellent greens, striped and tree lined fairways make this a course to be relished. Superb Clubhouse facilities, Brasserie and Terrace Bar with leather furnishings, ambient decor and superb cuisine, make this the total package. And then there's the 20 bay floodlit driving range and practice area with chipping green and practice bunkers. It really doesn't get much better!!

Name not supplied May 14, 2005
